## Counsellor's Chronicles

In this Issue-

- Communication- The 21st Century Career Catalyst
- Conviction in Communication
- Portfolio Power
- December Focus
- Alumni Expert Talk

**"Children must be taught how to think,  
not what to think."**

**~Margaret Mead**

# Counsellor's Chronicles

## Communication -The 21st Century Career Catalyst

The evolving trends in the global economy and the demands of the job market view clarity in communication as one of the key requirements in a professional profile. Whether it is the internship tier or the CEO slot, the commonality that binds them together is the ability to productively express themselves.

**Wise men speak  
because they have  
something to say;  
Fools because they  
have to say  
something.**

*Unknown*

## The Power of Portfolio in UG Applications

International & domestic universities review the entire student profile. The focus is not limited to academic scores. Marks are the basic eligibility stepping stones, what differentiates and streamlines the admission process is the portfolio that the student demonstrates. The Letter of Recommendations, SOP Essays, the individual contributions by the concerned student in the co-curricular activities, as community members make a significant contribution to the selection process.

## The checklist to remember!

### PORTFOLIO POWER @ DYPIS

Leadership Qualities  
& Team Player

Academic  
Excellence/LORs

Document your  
Wins/ Participation

Productive  
Internships

Contribution to  
Community  
-Projects/ NGOs/  
Campaigns

Creativity & Innovation  
-Inter/Intra School

# Focus

The field of Robotics has evolved from being an attractive segment of sci-fi stories to a real and rewarding career. It is a sophisticated genre of technology that constructs machines which can implement actions/ tasks. Building of robots involve a variety of skills that range from pure creativity to razor sharp analysis and hardcore mathematical logic.

**The stream of Robotics offers a wide range of careers.**

**Regarding the specific skills and eligibility criteria , watch out for the next issue !!**

# ALUMNI EXPERT TALK

An  
investment in  
knowledge  
pays the best  
interest .

**Benjamin Franklin**

It is always a matter of immense pride and pure pleasure to host the Alumni Expert Talk Session. On 13th December, Sadhana Gupta (IBDP-2016) joined us from Hong Kong and delivered an engaging and informative talk that covered reality bytes of transition from DYPIS to her current professional designation.

The sessions included the following pointers and addressed our High School students:

- Overview of the journey till date
- Skills acquired /applied in school that helped shape up the individual vision
- Skills/ strategies acquired later

Our audience enjoyed Sadhana's presentation and appreciated her sincerity and brilliance. The concluding Q&A segment witnessed insightful questions.

## My history with DYPIS

- Moved to Mumbai from Doha in 2011
- Joined another CBSE school for a semester
- Joined DY Patil mid-semester (8<sup>th</sup> Grade)
- Won three consecutive best actor awards (2013, 14, 15)
- Won 4 runner's up awards at the Mumbai District Basketball Championship
- Won TAIISI basketball championship trophy in 2016
- Got admitted to 6 universities purely based on my skills from DYPIS

## What I packed in my bags from DYPIS

- The will to keep pushing
- The ability to adapt in a global environment
- The habit of learning by writing
- Time management
- Basketball
- The royal chair!

**“Water does not resist. Water flows. When you plunge your hand into it, all you feel is a caress. Water is not a solid wall, it will not stop you. But water always goes where it wants to go, and nothing in the end can stand against it. Water is patient. Dripping water wears away a stone. Remember that, my child. Remember you are half water. If you can’t go through an obstacle, go around it. Water does.”**

**~MARGARET ATWOOD**

**Happy Reading!**
